MUSIC KIT

Artist name* (required):

E-mail* (required):

Music KIT is a modular version of a track already available on Music Bay.

The Zip file of a Music KIT should contain the items below:

1. The <u>current document</u>, completed.
2. <u>Two matching sets</u> of song section audio files:
   - One with tail, (full natural ending, short reverb). Name file must ending with: _T.wav;
   - And one without tail, carefully trimmed on the beat (the same number of sections);
3. Three ready-to-use <u>demo arrangements</u>: a main track and 2 alternative versions.

REQUIRED AUDIO FORMAT:
   - Sections with tail: .wav
   - Sections without tail: .wav
   - Demo tracks: mp3 / 128 kbps

DESCRIPTION
